To Whom it May Concern,

I am writing this letter to let you know about the character and reputation of Doug and Sherry Dyck as I have come to know him over the past two years. Doug & Sherry have always been a hardworking and devoted team of husband and wife who selflessly pour into the less fortunate and ailing people in communities wherever they set their feet.

The Dyck's are always ready and excited to do anything that is asked of them without hesitation and with a joyful heart tempered with administrative skill and a gentle touch that can only come through true love. It's amazing for a pastor to watch fellow believers grow in such exponential ways becoming more and more selfless in order to lift others up.

One of the beautiful things this missionary family has demonstrated is genuine affection, consideration, and love for the people that God places into their life. I've personally met with them in the mission field at Salvation Mountain in the Salton Sea and seen the impact that they make on a homeless community. They bring with them hope and love coupled with provisions and various material support. They've always shown diligence and have handled all things in a timely and reliable manner while not neglecting their responsibility to nourish a healthy marriage.

All in all, I am proud to support Knightrider360 as they use their gifts to bring love, hope, and a future to wherever they are sent out to including, but not limited to homeless, war vets, dogs, street people and the Slab City community. Any donations made will go entirely to the groups that the support is intended to. Where they go is made a much better place by the power of the Holy Spirit coupled with their gift of love.

In God's Grace,

Sean L. Jones
Exe. Pastor
